## Product Sheet

# ALUMINIUM RAMP

A flexible ramp for areas with little space.

*PBS accepts no liability whatsoever for any direct or indirect damages, of any nature whatsoever arising from the information on this product sheet.*

*A removable ramp, manufactured entirely from aluminium with tear-drop profile.*

### Accessories Ramp

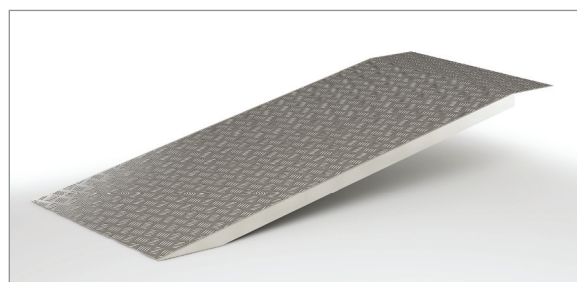

When a ramp is required sporadically but there is actually not enough room for a permanent ramp, PBS has a removable available. It is available standard in two sizes and is made entirely of aluminium with tear drop profile for the anti slip effect. The aluminium ramp is removable and can be used in combination with a door entry with step.

### Dimensions

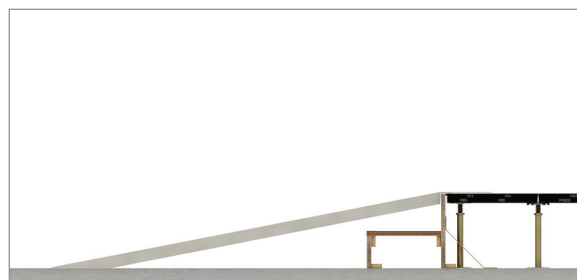

1.600 mm (L) x 800 mm (B)  
Applicable to 350 mm finished floor height\*

1.000 mm (L) x 800 mm (B)  
Applicable to 220 mm finished floor height\*

*\* The usability of a ramp is to a large extent dependent on the incline. If the incline is too steep then it is impractical. Request information about the possibilities.*

*The ramp is available in two versions; 1.600 mm x 800 mm and 1.000 mm x 800 mm.*

*This aluminium ramp can also be used in combination with a step.*
